### STATEMENT OF INTENT

It is our policy to conduct our activities in such a way as to ensure so far as is reasonably practicable, the health, safety and welfare of our pupils, employees and all persons likely to be affected by our activities including the general public where appropriate. We will co-operate and co-ordinate with partnerships, contractors, sub-contractors, employers, Hampshire County Council departments and the occupiers and owners of premises and land where we are commissioned to work in order to pursue our Health and Safety Policy aims.

Our aims are to:

- Provide and maintain a safe and healthy working environment ensuring the welfare of all persons
- Maintain control of health and safety risks arising from our activities
- Comply with statutory requirements as a minimum standard of safety
- Consult with all staff on matters affecting their health, safety and welfare
- Provide and maintain safe systems, equipment and machinery
- Ensure safe handling, storage and use of substances
- Provide appropriate information, instruction and supervision for everyone
- Ensure staff are suitably trained and competent to do their work safely
- Continually develop a safety culture to remove or reduce the possibility of accidents, injuries and ill-health
- Assess risks, record significant findings and monitor safety arrangements
- Review and revise safety policies and procedures periodically and when circumstances may introduce a requirement to amend or improve arrangements
- Develop and maintain a positive health and safety culture through regular communication and consultation with employees and their representatives on health and safety matters

Our health and safety management system has been developed to ensure that the above commitments can be met. All staff and governors will be instrumental in its implementation.

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

### **All Teachers and Support Staff**

The responsibility of applying local safety procedures on a day-to-day basis rests with the teachers and support staff. Where any new process or operation is introduced in the area of their responsibility, they are to liaise appropriately so that the associated risks are assessed and any precautions deemed necessary are implemented. They are to ensure that all new members of staff under their control are instructed in their own individual responsibilities with regards to health and safety, and they will appropriately monitor those new staff. They are to make periodic inspections of their areas of responsibility, taking prompt remedial action where necessary to control risk.

### **Finance, Buildings and Health & Safety Committee**

The role of the safety committee is to assist in the assessment of safety related matters and provide appropriate support to the Headteacher. The safety committee is to periodically meet to monitor and discuss on-site health and safety performance, and recommend any actions necessary should this performance appear or prove to be unsatisfactory. Safety committee staff will be informed of all changes in practices and procedures, new guidance, accidents, incidents and risk related matters.

The committee meets three times a year and consists of the Headteacher and at least three governor committee members with the Finance Officer in Attendance.

### **Governors**

The Health and Safety Governor responsible for the premises is: Chris Woolhouse

The H&S Governor will:

- Ensure that Hampshire County Councils Health and Safety policy is enacted.
- Ensure that safety is effectively managed in schools and that there are processes in place to evaluate the effectiveness of Health and Safety arrangements.
- Ensure that schools Health and Safety policy is formally reviewed and signed off at least every 3 years or when there are any changes and updated where appropriate (recommend that there is an annual review to make sure it up to date).
- Ensure that reasonable steps are taken to safely manage premises, plant, equipment and substances provided for work use are safe and without risk to health.
- Ensure that schools have suitable and sufficient risk assessments in place, findings are documented and communicated to staff and others, controls implemented and are regularly reviewed.
- Ensure regulations and guidelines appertaining to school activities, off-site activities and educational visits are being followed.
- Make decisions on Health and Safety where there is a significant implication in terms of cost.
- Make decisions on Health and Safety standards to be included in contract specifications when they have responsibility for awarding their own contracts.
- Comply with any directions given by Hampshire County Council concerning Health and Safety.
- Promote wellbeing for staff and pupils in terms of their physical, mental and emotional wellbeing.
- Contribute to the schools Health and Safety culture.

management and completion of day-to-day fire safety related duties and upkeep of the fire safety manual.

The FSC will work within their level of competence and seek appropriate guidance and direction from the Corporate Services Health & Safety Team and Property Services Fire Team as required.

### **On-site Health and Safety Co-ordinator**

The on-site health and safety co-ordinator is Ricky Holland (Site Manager).

The on-site H&S Co-ordinator/Officer for the school will manage, advise and co-ordinate local safety matters on behalf of, and under the direction of the Responsible Manager.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Corporate Services Health & Safety Team as required.

### **Health & Safety Representative**

The H&S Representative is Ricky Holland (Site Manager).

The premises health and safety representative (whether a member of staff who is union appointed, or non-union and locally nominated) will represent the staff with regard to their health and safety at work. They are expected to promote a positive safety culture throughout the premises and carry out the health and safety duties appropriate to their role in accordance with current guidance and legislative requirements.

### **Legionella Nominated Responsible Person**

The Nominated Responsible Person for Legionella is Ricky Holland (Site Manager).

The NRP will complete the Legionella e-learning course annually.

The nominated responsible person for Legionella on the premises acts on behalf of the Headteacher to provide the necessary competence to enable Legionella to be managed safely.

The NRP will ensure that all periodic and exceptional recording, flushing, cleaning and general Legionella management tasks are correctly completed and recorded in accordance with departmental and corporate requirements. They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Property Services as required.

### **Risk Assessor**

The Risk Assessor is Ricky Holland (Site Manager) who will ensure risk assessments are completed and hazards are identified and managed. They will undertake risk assessor training every 3 years. They will work within their level of competence and seek appropriate guidance and direction from the Corporate Health & Safety Team as required.

### **Site Safety Trained Staff**

The Site Safety Managers for the premises are the Headteacher and Site Manager. The site safety trained member of staff is Ricky Holland (Site Manager).

The Site Safety trained member of staff will attend the Safety Awareness for Facilities Managers training course every 3 years. The site safety trained member of staff is the

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

competent person for the overall management of school premises and facilities and acts on behalf of the Responsible Manager. They are responsible for the local management and completion of day-to-day premises matters and duties.

They are to work within their level of competence and seek appropriate guidance and direction from the Headteacher or the Corporate Services Health & Safety Team as required.

### **Work at Height**

The competent person for work at height on the premises is Ricky Holland (Site Manager).

They will attend the Caretaking Support Service Ladder & Stepladder Safety course every 3 years. The competent person for working at height acts on behalf of the Headteacher and will ensure work at height is carried out safely.

They will work within their level of competence and seek appropriate guidance and direction from the Headteacher and/or the Corporate Services Health & Safety Team as required.

### **ARRANGEMENTS**

The following arrangements for health and safety have been developed in accordance with the Management of Health and Safety at Work Regulations 1999. These arrangements set out all the health and safety provisions for Crookham C.E. (Aided) Infant School and are to be used alongside other current school & grounds procedures & policies.

In carrying out their normal functions, it is the duty of all managers and staff to act and do everything possible to prevent injury and ill-health to others. This will be achieved in so far as is reasonably practicable, by the implementation of these arrangements and procedures.

### **Accident/Incident Reporting & Investigation**

The on-site management, reporting and investigation of accidents, incidents and near misses is carried out in accordance with the Governing Body's procedure requirements as below.

Any accident, incident or injury involving staff, visitors or contractors, and the more serious accidents/incidents to children are to be reported and recorded on the HCC Accident reporting form online.

Where an investigation is completed, this will be recorded and submitted on the online reporting system within 7 days.

A copy of the completed incident report is then automatically received by the Corporate Services Health and Safety team, the person reporting the incident and the manager/accident investigator.

Following the completion of an online accident report, an investigation must be carried out as soon as practicable after the accident. Managers will receive an email request to complete an investigation with a link to the investigation form.

Minor accidents to pupils will be recorded in the folder located in the Medical Room (and taken onto the playground during the lunch break).

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

The Health & Safety Team will review every incident reported on the online system and identify which are notifiable to the Health and Safety Executive (HSE) under the Reporting of Injuries Diseases and Dangerous Occurrences Regulations (RIDDOR). If reportable, the Corporate Services Health & Safety Team will report the incident to the HSE and a copy of this report will then be emailed to the school.

The Headteacher will ensure that the governing body is appropriately informed of all incidents of a serious nature. All accident/incident reports will be monitored by the Headteacher and Finance, Buildings, Health & Safety committee for trend analysis in order that repetitive causal factors may be identified to prevent reoccurrences. The governing body should be regularly updated on monitoring and any trends identified.

Premises hirers and community/extended service/third party users must report all incidents related to unsafe premises or equipment to the school staff, who will report and investigate each incident. Incidents related to the user's own organised activities are to be reported by them in line with their own reporting procedures.

### **Asbestos Management**

Asbestos management on site is controlled by the Nominated Responsible Person for Asbestos. The asbestos register as issued by Asbestos Team is located on the shelf outside the main school office and is to be shown to all contractors who may need to carry out work on site. Contractors and anyone undertaking intrusive work must read and sign the register as evidence of sighting prior to being permitted to commence any work on site.

The Responsible Manager and the asbestos nominated responsible person must complete the asbestos checklist relevant to their role (one for each role) when they are appointed. Copies of these must be retained with the asbestos register.

On appointment the NRP (and other employees who may carry out invasive works) will also attend the Hampshire Scientific Services half day attendance course.

After this the Responsible Manager, NRP and any other employees who may disturb the fabric of the building will complete the Asbestos Awareness e-learning annually.

Any changes to the premises' structure that may affect the asbestos register information will be notified to the Asbestos Team in order that the asbestos register may be updated accordingly.

Under no circumstances must staff drill or affix anything to walls that may disturb materials without first checking the register and/or obtaining approval from the nominated responsible person.

Any damage to any structure that possibly contains asbestos, which is known or identified during inspection, should be immediately reported to the Headteacher and/or the asbestos nominated responsible person who will immediately act to cordon off the affected area and contact the Asbestos Team for guidance. Any contractor suspected to be carrying out any unauthorised work on the fabric of the building should be immediately stopped from working and immediately reported to the Headteacher and/or asbestos competent person.

### **Community Users/Lettings/Extended Services**

The Headteacher will ensure that:

- Third parties and other extended service users operate under hire agreements

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

- A risk assessment for the activity is completed and shared with all relevant parties
- The risk assessment for the premises is shared with the user/hirer
- The premises is safe for use and is always inspected prior to, and after each use
- Means of general access and egress are safe for use by all users
- All provided equipment is safe for use
- First aid procedures are agreed
- Fire escape routes and transit areas are safe and clear of hazards
- Hirers/users are formally made aware of fire safety procedures and equipment

### **Contractors on Site**

Contractors will be selected from the HCC minor works framework where possible. Where the minor works framework is not used, the Selection of Safe Contractors Assessment Checklist will be used to ascertain competence prior to engaging their services. The school's management surveyor will be contacted for further guidance.

All contractors must report to the main school office where they will be asked to sign the visitor's book and asbestos register. All contractors must be issued with the local written contractor induction brief that includes all relevant details of fire safety procedures & local safety arrangements.

School staff are responsible for monitoring work areas and providing appropriate supervision,

### **Curriculum Activities**

All safety management and risk assessments for curriculum based activities will be carried out under the control of the relevant members of staff and subject teachers using the appropriate codes of practice and safe working procedural guidance for Design & Technology, Science, Music, Physical Education & Sport, Art, Swimming and Drama as issued by CLEAPSS, HIAS and Hampshire County Council. Subject Managers will be responsible for local risk management and ensuring that maintenance of equipment and premises in their areas of the curriculum are managed safely following the appropriate guidance.

The curriculum lead/s will act on behalf of the Headteacher to provide the necessary competence to enable curriculum subjects to be carried safely and in accordance with the requirements and best practice.

They will ensure that all employees have a reasonable awareness the hazards and the control measures in place. They will advise the Headteacher of any condition or situation which may affect the safety of any premises users

### **Display Screen Equipment**

All Display Screen Equipment (DSE) users must complete the *display screen equipment e-learning course* every year. All DSE users must carry out periodic workstation assessments using the Corporate Workstation Assessment Form. Findings from the workstation assessments will be actioned as necessary by line managers and routinely reviewed at intervals not exceeding three years.

DSE users have the right to request free eyesight tests and be reimbursed towards spectacles if required for DSE use.

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

### Electrical Equipment

The Headteacher will ensure that:

- Only authorised and competent persons are permitted to install or repair equipment
- Equipment is not to be used if found to be defective in any way
- Defective equipment is to be reported & immediately taken out of use until repaired or disposed of
- All portable electrical equipment will be inspected/tested annually
- Equipment testing/inspection can only be carried out by a competent person.
- Personal electrical equipment is not to be brought onto the premises or used unless its use is approved by management and it has been tested
- New equipment must be advised to the Headteacher in order that it can be added to future PAT testing schedules

Any defective or suspected defective equipment, systems of work, fittings etc must be reported to the Head Teacher or Finance Officer and repaired or disposed of as soon as possible.

### Emergency Procedures

The Headteacher will ensure that emergency procedures for non-fire related emergencies (gas leak, bomb threat, flooding etc.) are in place.

All staff will receive information, training and instruction on the non-fire emergency procedures and evacuation plan at induction, and they will be periodically provided with updated information as the emergency procedures are routinely reviewed and amendments are introduced.

Personal Emergency Evacuation Plans will be completed and reviewed for any vulnerable persons to be able to ensure safe, assisted evacuation in the event of an emergency incident. The PEEPs are contained in the Appendix of the emergency evacuation plan.

### Fire Safety

Arrangements regarding fire safety are set out in the Fire Safety Manual. The fire safety co-ordinator is the competent person for fire safety on the premises and is the immediate point of contact for all fire safety related enquiries on site.

The Headteacher will ensure through the fire safety co-ordinator that:

- All staff complete the mandatory *fire safety induction e-learning course* every year
- Fire safety information is provided to all staff at induction and periodically thereafter
- Fire evacuation procedures, fire safety training and fire equipment inspection and testing are carried out in accordance with corporate guidance and the premises fire safety manual
- The fire manual is reviewed annually by the Fire Safety Co-ordinator, the Headteacher, and Governors making the necessary amendments
- Information from the fire risk assessment is shared with employees annually
- annually.

The Responsible Manager will ensure that trained Fire Marshals are in place to assist in fire evacuation.

## HEALTH AND SAFETY POLICY

### **First Aid**

Arrangements regarding first aid provision are set out in the First Aid Policy. The names and locations of the first aid trained staff on site are also clearly signposted around the school (Health & Safety notice board and First Aid room).

A First Aid Needs Assessment will be carried out annually by Gill Gilbert (Admin Team) to determine the level of first aid provision required. First aid provision will be regularly monitored and equipment checks recorded.

First aid is never to be administered by anyone except first aid trained staff with in-date training certification, operating within the parameters of their training.

### **Glazing**

Glass and glazing on site has been surveyed and risk assessed by Property Services and risk assessed by the school. The survey and assessment are kept electronically on the school server and is reviewed annually or when there are changes to the premises and/or glazing.

Any damaged glazing will be reported to the Headteacher and made safe and replaced as soon as possible.

### **Hot Water and Hot Surfaces**

Arrangements for the managing of hot water and hot surfaces have been put into place to protect, students, staff and members of the public. The hazards have been identified and recorded in the hot water and hot surfaces risk assessment.

Control measures have been put in to manage the risk and these have been shared with staff and where necessary others. If a new hazard is identified or brought onto site this needs to be notified to the risk assessor for adequate control measure to be put into place.

The control measures include:

- Clearly marking hot water sources
- Only allowing children to access temperature controlled hot water unsupervised.
- Hot pipes and surfaces being boxed in

### **Housekeeping & Hygiene**

Good Housekeeping is an essential factor in effective health and safety. The following conditions are to be adhered to at all times:

- All corridors and passageways are kept free from obstruction
- Shelves in storerooms and cupboards are stacked neatly and not overloaded
- Floors are kept clean and dry, and free from slip and trip hazards
- Emergency exits and fire doors are not obstructed in any way
- Supplies are stored safely in their correct locations
- Rubbish and litter are cleaned and removed at the end of each working day
- Poor housekeeping or hygiene conditions are immediately reported

### **Hazardous Substances (COSHH)**

Hazardous substances, materials, chemicals and cleaning liquids are not permitted to be used or brought into use on site until:

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

- Safety Data Sheets have been obtained
- A written COSHH assessment is completed by the trained COSHH assessor
- the product is approved for use by the Headteacher

When using a hazardous substance, staff will ensure that adequate precautions are taken to prevent ill-health and injury to themselves and others. Staff will be trained before using a hazardous substance and must follow safe working practices and use protective equipment if identified in the COSHH assessment.

All hazardous substances are to be stored in the locked and clearly labelled storage in accordance with the relevant data sheets in the cleaning cupboard. This is to remain locked at all times.

### **Inspections and Monitoring**

It is the responsibility of all staff to monitor the condition of their workplace throughout the day. Daily monitoring of the premises, through working routines and staff awareness, is expected to identify general safety concerns and issues which should be immediately recorded in the premises defect book and reported to the School Administration Team.

Monitoring and inspections will be carried out by Subject Managers.

Periodic documented inspections of the premises will be carried out monthly in accordance with the premises monthly inspection schedule. Inspection findings are to be recorded on the locally adapted Premises Safety Inspection Checklist.

Defects identified during these routine documented inspections are to be immediately reported to the H&S co-ordinator and recorded in the defect book. Any identified high level risks or safety management concerns are to be reported to the Headteacher.

The termly H&S web monitoring form will be completed by the Headteacher. This monitoring form will focus on different areas each term and is an integral part of the school and CSHST monitoring programme.

### **Kitchens**

The main kitchen area is only to be used by authorised staff. The main kitchen is managed by Stir Food. Any persons not normally authorised but wishing to enter the kitchen area must gain approval prior to entry and must strictly adhere to the kitchen safe working practices. Relevant safe systems of work and risk assessments will be shared between Stir Food and the school

Safe working procedures and authorised access for other kitchen areas, canteens, food preparation areas are contained in risk assessments for that area.

### **Legionella**

Legionella management on site is controlled by the Legionella responsible person who will manage and undertake all procedures regarding Legionella in accordance with Hampshire County Council policy and guidance. They will:

- Record sentinel point temperatures on the online reporting system
- Regularly flush unused outlets

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

- Report any alterations to the water system
- Undertake descaling and disinfection

In the absence of the NRP the Headteacher will arrange for competent cover to be in place to fulfil all the required duties to manage legionella at the school.

### **Lone Working**

A risk assessment will be carried out to categorise each lone workers role and the risk presented, in accordance with the Corporate Lone Working Procedure.

Lone working will only take place:

- With the Headteacher's approval
- Following risk assessment
- Where it cannot be avoided

The lone working arrangements for staff who may undertake lone working on this site can be found in the Risk Assessment folder.

### **Moving and Handling**

All staff must complete the *moving and handling* e-learning *course* every year. Staff are not permitted to regularly handle or move unreasonably heavy or awkward items, equipment or children unless they have attended specific moving and handling training.

The Site Manager is expected to undertake regular physical work which would typically include regular moving and handling; therefore, they will attend a formal moving and handling course specific to the work requirements.

All moving and handling tasks are risk assessed following the HSE simple filter tool, before they are undertaken in accordance with the Corporate Moving and Handling Procedure.

For tasks that fall outside of the HSE filter tool, risk assessments will be carried out by the trained moving and handling risk assessor..

### **Off-site Activities**

Arrangements regarding off-site activities are managed in accordance with the Hampshire Outdoors procedures and guidance.

### **Provision of Information**

The Headteacher will ensure that staff are periodically provided with information regarding safety arrangements. These systems are annual H&S briefings; Health & Safety handbook; standing agenda item at staff meetings; Health and Safety notice board; signatures obtained when training completed.

Visitors and contractors are provided with Health and Safety information on arrival by the office team.

Local health and safety advice is available from the Headteacher and the Corporate Services Health & Safety Team can provide both general and specialist advice which is available on their website or on request.

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

The *Health and Safety Law* poster is displayed by the photocopier.

### **Risk Assessment**

Risk assessments will be carried out where a significant risk is identified or is reasonably foreseeable.

The trained risk assessor will oversee the completion of risk assessments. Risk assessments will be carried out by employees with the appropriate knowledge and understanding of the area, task or equipment being assessed.

All risk assessments and associated control measures will be approved and signed by the Headteacher.

Completed risk assessments are listed in the Risk Register located in the office and will be reviewed periodically in accordance with the risk assessment review schedule.

Staff will be informed, where appropriate, of hazards and control measures identified in risk assessments. Risk assessments will be shared with employees and relevant third parties periodically and whenever there are changes.

### **Smoking**

For the purposes of this policy smoking includes e-cigarettes/vaporizers. Smoking is not permitted on the premises.

### **Stress & Wellbeing**

Crookham C.E. (Aided) Infant School is committed to promoting high levels of health and wellbeing and recognises the importance of identifying & reducing workplace stressors.

Stress management through risk assessment and appropriate consultation with staff will be periodically reviewed and acted upon in accordance with the Health & Safety Executive's Stress Management Standards – staff questionnaire.

On-site arrangements to monitor, consult and reduce stress situations are addressed by displaying details of the stress helpline; staff well-being representative; risk assessments.

### **Training**

Health and safety induction training will be provided and recorded for all new staff/volunteers in accordance with the New Staff Induction Checklist.

The Headteacher will ensure that all staff/volunteers are provided with adequate information, instruction and training regarding their safety at work. A training needs analysis will be carried out from which a comprehensive health and safety training plan will be developed and maintained.

All staff will be provided with following as a minimum training provision:

- Induction training including the requirements of this health and safety policy
- Local training including risk assessments and safe working practices

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

- Information following health and safety policy or procedural changes
- Relevant annual e-learning courses to meet HCC mandatory corporate training requirements
- Role specific training
- Refresher training as required

Training records are held by the Finance Officer who is responsible for co-ordinating all health and safety training requirements, maintaining the health and safety training plan, and managing the planning of refresher training for all staff.

### **Transport – Driving for Work**

In accordance with the Corporate Procedure - Driving for Work the school will risk assess staff driving for work purposes and when this should be undertaken.

Any member of staff that does need to drive for work purpose must be fit to drive and:

- Have the correct license to drive the vehicle
- If they are driving their own vehicle the school must ensure that it is taxed and safe to drive/has a current MOT
- Have business insurance

Records of checks will be kept in the school office.

### **Transport - Traffic Management**

The school will develop a written Traffic Management Plan with arrangements regarding on-site traffic safety. The plan includes:

- A site plan diagram showing traffic and pedestrian routes, loading and parking areas
- Site plan check sheet
- Safe system of work; this can be included in the site plan check sheet
- Risk assessments where necessary

A copy of which is located in the school office.

Arrangements will be shared with employees and relevant third parties.

### **Violent and Aggression**

Violent, aggressive, threatening or intimidating behaviour towards staff, whether verbal, written, electronic or physical, will not be tolerated at Crookham C.E. (Aided) Infant School.

In accordance with the Corporate Procedure on violence and aggression, staff should be categorised using the control menu. Control measures will be documented on the Violence and Aggression Risk Assessment. The risk assessment will be shared with relevant employees and reviewed on a regular basis.

Staff must report all violent and aggressive incidents using the confidential online reporting system. Incidents will be appropriately investigated and control measure reviewed to reduce the risk of similar incidents occurring in the future. Incidents will be reported as close to the incident date as possible.

## CROOKHAM CE(A) INFANT SCHOOL HEALTH AND SAFETY POLICY

Violent incidents between children will be reported locally on CPOMS. If a child is injured following violence between children, it will be reported as an accident on the online reporting system.

### **Visitors**

All visitors must initially report to the main reception where they will be provided with the key health, safety and fire safety information to enable them to act appropriately and safely in the event of an incident.

Visitors to the premises will be provided with a badge, evacuation procedures and sign in book.

Whilst on site visitors will be supervised by any member of staff, as appropriate to the nature of their visit.

### **Vulnerable Persons**

Where there are vulnerable persons (e.g. young, pregnant, those with a disability, those with temporary or permanent medical conditions etc.) working or visiting the premises, a risk assessment will be completed. Appropriate procedures will be implemented and arrangements for the health, safety, and welfare of vulnerable persons on school premises will be suitably managed.

### **Work Equipment**

All work equipment requiring statutory inspection and/or testing on site (for example boilers, hoists, lifting equipment, local exhaust ventilation, PE equipment, climbing apparatus) will be inspected by appropriate competent contractors.

All employees will check work equipment prior to use. Any defective or suspected defective equipment must be removed from use, reported to the Finance Officer and repaired or disposed of as soon as possible.

### **Work at Height**

Work at height will be undertaken in accordance with the Corporate Procedure for Work at Height, and the Corporate Services Health and Safety Team guidance. All general work at height will be carried out in accordance with the on-site general risk assessment. A separate risk assessment will be carried out for higher risk tasks.

The trained competent person for work at height on the premises will:

- Use steps, stepladders, and leaning ladders in accordance with their training
- Provide step stool instructional training briefs to employees
- Provide stepladder and steps training to employees using the Corporate Services Stepladder & Steps Safety user PowerPoint presentation
- Carry out and record periodic inspections of all ladders, stepladders, and podium steps used on-site
- Remove access equipment from use if defective or considered unsuitable for use

The competent person for work at height, and all other employees, are not permitted to use any other access equipment for work at height without specific training. This includes the use of scaffolding, mobile towers, and mobile elevated work platforms.

**CROOKHAM CE(A) INFANT SCHOOL  
HEALTH AND SAFETY POLICY**

School employees are not permitted to work on roofs unless suitable edge protection and safe access arrangements are in place.
